

**KEEP YOUR COLD ROOM FROM BECOMING A**

**HORROR**

**SHOW**

Mold thrives on absorbent organic materials such as wood, cardboard and paper products. These type of products should be sealed in a tightly closed plastic container!

Keep door firmly shut to prevent condensation!

**PROMPTLY REPORT WATER LEAKS OR WARMING TEMPERATURES TO FACILITIES MANAGEMENT!  
VOLATILE AND FLAMMABLE SOLVENTS, COMPRESSED GASES AND DRY ICE ARE NEVER TO BE  
STORED IN COLD ROOMS!**

**SPILLS MUST BE PROMPTLY CLEANED**

**TO REMOVE MOLD, USE A CLOTH DAMPENED WITH NON-AMMONIATED DETERGENT.  
DRY SURFACE COMPLETELY TO REMOVE MOISTURE.**

**IF BLEACH IS USED, FOLLOW WITH ETHANOL OR WATER TO REMOVE RESIDUE WHICH CAN  
CORRODE METAL SURFACES.**
