

## CURIS System Demo & Presentation

*Revolutionizing Laboratory Decontamination*

Join us for a live demonstration of CURIS System's cutting-edge Hybrid Hydrogen Peroxide™ (HHP™) technology!

Discover how CURIS is transforming contamination control in research and laboratory environments with portable, powerful, and residue-free biodecontamination solutions.

**Date: Thursday, October 23, 2025**

**Time: 12:30 PM - 2:00 PM**

**Location: HKRB 150**

**Presented by: CURIS System Experts**

- Learn how CURIS HHP™ technology ensures high-level disinfection
- Applications for lab rooms, equipment, chambers, and incubators
- Benefits of portable and remote-operated systems
- Compliance with biosafety and regulatory standards

Perfect for:

Researchers • Lab Managers • Safety Officers • Facility Coordinators

**Don't miss this opportunity  
to see the future of lab safety  
in action!**
